## SIGHTSEEING

**SHELDRIK ELEPHANT ORPHANAGE:** Best known for our work to protect elephants, the Sheldrick Wildlife Trust (SWT) operates the most successful orphan elephant rescue and rehabilitation program in the world. But we do much more than this. Born from one family's passion for Kenya and its wilderness, the Sheldrick Wildlife Trust was established more than 40 years ago and is best known for its Orphans' Project, the first and most successful elephant orphan rescue and rehabilitation program in the world.

**GIRAFFE CENTRE:** The Giraffe Center is located in Lang'ata, approximately 20 kilometres from the centre of Nairobi, Kenya. It was established in order to protect the endangered giraffe, that is found only in the grasslands of East Africa.

There are now over 300 Rothschild Giraffe safe and breeding well in various Kenyan national parks.

**KAZURI BEAD FACTORY:** Kazuri, which means "small and beautiful" in Swahili, began in 1975 as a tiny workshop experimenting in hand crafted ceramic beads. Its founder started with two single motherhood women and soon discovered that there were many others in the villages around Nairobi, most of who were disadvantaged and were in great need of regular employment. Today Kazuri has grown tremendously and now has a large workforce of over 340 women skilled in the crafting of ceramic beads, strung into beautifully and artistically jewellery.

**MASAI MARKET:** One of the great experiences for safari-goers in Kenya is a visit to the Maasai Market. At these open-air market's travellers can find curios, paintings, drawings, clothes and fabrics with East African prints, jewellery and wood-carvings, many hand-made in Kenya by local artisans. You can buy all your souvenirs and gifts in one-go but get ready for some serious bargaining. Enjoy the haggling and expect to come away with some great deals (keep in mind that it is their livelihood if they really stick to "no" you probably have gone below a price where they can make any money from an item).

**MASAI MARA** is an area of preserved savannah wilderness in southwestern Kenya, along the Tanzanian border. Its animals include lions, cheetahs, elephants, zebras and hippos. Wildebeest traverse its plains during their annual migration. The landscape has grassy plains and rolling hills, and is crossed by the Mara and Talek rivers. The area nearby is dotted with Maasai villages.

It is world-renowned for its exceptional populations of lions, leopards, cheetahs and elephant, and the annual migration of wildebeest, zebra, Thomson's gazelle and other antelope, to and from the Serengeti every year known as the Great Migration.

The Greater Mara Ecosystem encompasses areas known as the Maasai Mara National Reserve, the Mara Triangle, and several Maasai Conservancies, including: Koiyaki, Lemek, Ol Chorro Oirowua, Olkinyei, Siana, Maji Moto, Naikara, Ol Derkesi, Kerinkani, Oloirien, and Kimintet.

**SOPA MARA:** Located high on the slopes of the Oloolaimutia Hills, Masai Mara Sopa Lodge was one of the first safari lodges to be built in the Maasai Mara Game Reserve, a reason why its gardens and trees are so lush and mature. All the buildings follow the design of traditional African round houses with conical roofs, and these stretch along the line of the hills with the impressively large public area buildings and the swimming pool at their centre.

The lodge has fifty guest cottages divided into two wings to either side of the main public areas. Each of these house two spacious guest rooms with queen and king size beds; mosquito nets; electronic safes; dressing tables; en-suite bathrooms and sheltered verandas that all have views over the gardens and the game reserve beyond.
