DESCRIPTIONS

2 HOURS SIDE CAR TOUR: A unique and a once in a life time experience!

All our sidecars are decommissioned military bikes originally used by the Peoples Liberation Army of China between the early 1950's and mid-1970's. They are known as cj750's and are based on the old German BMW R71 used extensively during World War II. Our fleet has been fully refurbished & modified to suit South African Road traffic requirements.
