

## KRUGER DELIGHT 2 / 3 NIGHTS PACKAGE

### **Kruger National Park**

Kruger National Park, in north-eastern South Africa, is one of Africa's largest game reserves. Its high density of wild animals includes the Big 5: Lions, Leopards, Rhinos, Elephants and Buffalos. Hundreds of other mammals make their home here, as do diverse bird species such as vultures, eagles and storks. Mountains, bush plains and tropical forests are all part of the landscape.

The magnificent Panorama Route in South Africa's Mpumalanga province is one of the continent's great natural wonders and one of the world's most beautiful driving routes.

Between Kruger and Johannesburg, though, there exists one of the most exhilarating scenic stretches in Southern Africa. The vast escarpment of the Northern Drakensberg mountain range, which dramatically drops away some 1,600m to a vast low-lying terrain, affords spectacular views, not to mention a sense of panoramic grandeur, as the hot Lowveld plains below stretch away to a shimmering horizon. Take a drive along the Panorama Route and discover some of South Africa's most beautiful terrain.

Scattered throughout this middle zone between the Big Smoke and the promise of a Big Five Safari, are vast sub-tropical forests, incredible Stone Age sites reaching back into a little-known pre-colonial history, and leftovers of gold-mining boomtowns going back to the late 1800s. And, of all its charms, it is the sights and sensations of the 33km Blyde River Canyon – South Africa's biggest and deepest canyon – that are most likely to leave your jaw hanging open.

Cresting the canyon on a half-day road trip is part of the Panorama Route, itself an aptly-named succession of jaw-dropping views where big skies meet vertiginous cliffs, incredible rock formations, plunging waterfalls, and the dazzling wonder of the Blyde River snaking through lush vegetation.

The mountainous escarpment of the Mpumalanga highlands is famed for the stunning views of the Lowveld and some of the province's most spectacular scenery.

Centred around the Blyde River Canyon, the world's third largest canyon, the Panorama Route offers a dramatic terrain of lush mountain peaks scarred with ochre cliff faces. Dozens of magnificent waterfalls, raging rivers and one of the largest afforested areas in South Africa.

## RESORTS USED IN KRUGER
